HISTORICAL CLUB GETS CITY MINUTES

John P. Wall Reports the Work of Printing Minutes from 1790-1819 Completed--Dr. Raven Made Vice-President.

At the business meeting of the New Brunswick Historical club held last night J. P. Wall, chairman of the committee on printing the minutes of the city of New Brunswick from 1790 to 1819 reported that the work had been completed and has been compared and found to be accurate.

The work was in his opinion not only a credit to the club but an invaluable benefit to the city as the copies would be kept in various places and the minutes of New Brunswick in its infancy could not be lost in case of fire. Mr. Noyes had done the first 50 pages and the rest by Miss Vandivert at a total cost of $

He suggested that in the of the minutes all of whic between 1830-32 were inta taken instead of copying, Mr. Wall said that one turned over to the city cle ed that the original copy archives of the club, one c New Jersey State Historic a third sent to the public motion the bills were ord the suggestions adopted. M ed a vote of thanks.

The minutes of the last meeting were read.
The deferred memorial presented by John Bray, Lewis Dunham and Erickson Van Norden a subcommittee appointed by a committee of the town requesting Common Council to call a townmeeting for raising money to be expended as they shall direct or to appropriate that which may be found in the treasury was resumed. Resolved That the memorialists be informed that common council have taken measures for supplying the city with fire buckets, & ordered the repair of the fire hooks & ladders, with the addition of such new ones, & other impliments as may be necessary, & that if there should happen to be a deficiency of monies in the treasury to meet the expenses of such apparatus, a short delay of supplying it by a vote of the town to raise a tax , will not impede the procuring them, and whereas it is reported to common council that a new fire engine is making for the use of this city and the measure of paying for it by subscription having proved effectual, it would at present be unecessary to burden the good citizens with a tax for the purchasing purpose of purchasing a fourth engine, especially at the time when the necessity of procuring fire buckets will in itself be a heavy tax, and that therefore C. Council have resolved; that in their opinion it would be inexpedient to call a town meeting to vote mony by tax for the purpose of purchasing a fourth engine. Ordered That the Clerk serve the memorialists with a copy of the foregoing resolution.
Resolvd. That Mr. Schureman be authorized to procure four new axes one tobe attached to each fire engine & the remaining two to be delivered to the Captain of the ladder company and three new small ladders.

The engrossed bill for directing the manner of supplying the city with fire buckets was taken up & compared. Resolvd That the above pass into an ordinance and that it be signed by the President.
Resolved That the ordinance for increasing the means of extinguishing fire, the ordinance directing the manner of supplying the city with fire buckets, and the recommendatory resolutions passed last evening, together with the information to the subcommittee appointed by a committee of the town be published in hand bills and that two hundred copies be struck off for the use of the town under the direction of Mr. Hardenbergh. The proceedings of the last meeting were read.

Mr. Neilson from the committee who were appointed to make the arrangements necessary for performing the funeral procession in honour and to the memory of our Late illustrious chief General George Washington made the following report Viz. - That in compliance with their institution, they waited on General Frelinghuysen, and communicated to him the request of Common Council, to prepare and deliver a funeral oration on the death of our highly esteemed and much lamented fellow citizen General Washington.

General Frelinghuysen with high expressions of respect for this signal honour conferred on him by the Common Council consented to perform the service allotted to him on tuesday the 31st December last - in consequence of which your committee made arrangements for a procession to meet the views of common council. - - Your committee further report that on the saturday evening preceeding the said 31st December, they recievd a message from General Frelinghuysen informing them, that owing to a very severe indisposition

instruction

he was then laboring under he was apprehensive he would not be able to deliver the oration he had prepared, on the receipt of this information your committee waited on the Rev^{d} Ira Condict, who had prepared a discourse for the people of his charge on that occasion, to be delivered to them on the last Sabbath, who very obligingly consented to reserve the same, and deliver it on the day fixed upon for the public meeting of the inhabitants by the aforesd arrangement. Your committee also report that agreably to the said arrangements the procession did take place on the day afores^{d}, and was conducted by your committee with all the discretion and attention, they were capable of and with as much aconomy as the solemnity of the occasion would admit of, your committee have incurred an unavoidable expence in carrying the duties of their appointment into effect, amounting as by the accounts herewith rendered to fifty two dollars and one cent - for the payment of which they request the order of C. Council on the treasurer of the corporation.
Resolv^{d} That the above report be accepted and that the treasurer be directed to pay to Mr. Bray the above sum of fifty two dollars & one cent. Resolved That the thanks of Common council be communicated this their committee of arrangements to the Rev^{d} Ira Condict for the well adapted and impressive discourse he delivered on tuesday last in memory of General George Washington, and that the committee request from him a copy for publication - - - And that the thanks of Common Council be also rendered to the Rev^{d} Joseph Clark for his assistance in performing the services of the day.- -
Whereas General Frelinghuysen having been prevented by the interposition of providence from delivering an oration in memory of General Washington on tuesday the 31st December last and Congress having recommended the 22d day of February next to be observ^{d} by the people of the united States in testifying their grief for the loss of our much beloved fellow citizen General George Washington. - Therefore Resolv^{d}. That Common council request from General Frelinghuysen that he will on that day deliver the oration he had prepared for the 31st Decem^{r} last - and that the committee heretofore appointed to wait on him be requested to enclose him a copy of this resolution.
Resolv^{d} That a further consideration of the above resolution be deferred. - - Common Council adjourned till tuesday the 14th Inst.

Common Council met pursuant to adjournment Present the Mayor, the Recorder, Messrs Cannon, Hance, Potts, Griggs, Dayton and Freeman the proceedings of the last meeting were read. the Committee appointed to report the number of New pumps that are necessary to accomodate the City with a supply of water Likewise the number of public pumps already placed and an estimate of the expenses for repairing the old pumps already placed and the placing of new ones that are necessary Made the following report That they find in Burnet Street three old pumps and that three new ones are necessary in sa id street. In New Street two old pumps & one new one is necessary In Schuneman one old pump & one new one is necessary.
In Water Street one new one is necessary In Piram Street two old pumps In Albany and French Streets Seven old Pumps - and three new ones are necessary. In Barrack Street one old pump necessary - In Church Street two old pumps, one new one necessary. In George Street one old pump two new ones are necessary - In Patterson Street one new one necessary In King Street one old pump In Queen Street three old pumps In Liberty Street one new one necessary In Richmond Street one old pump In Peace Street one new one necessary making the number of Seventeen new and twenty six old pumps. Calculating the wells at 16 feet deep each the digging and stonsing at $ 1.75/100 pr. foot and the pumps at 21 feet each at one dollar pr foot will amount to $ 49 for each pump making the sum of $833.00 for the new pumps, on a very moderate calculation; your committee find a number of the old pumps entirely decayed, and but a few of the remainder that does not need repairs, and although it is difficult to make an Assurate estimate of the amount of the necessary repairs, they are of the opinion that it would require the sum of two hundred and fifty dollars for that purpose, all which is respectfully submitted to Common Council

The committee appointed to acertain what sum of money was paid by the corporation of New Brunswick towards building the Court house, in said city, and what are the rights of the Corporation in the same, Report, That upon an examination of the minubes of the Board of Justices and Freeholders of the County of Middelsex, they found the following entry made on the 29th of March, 1793, Viz:

" On motion, The vote of the inhabitants of the city of New Brunswick passed at a town meeting held on the 2nd day of Feburary, was read as follows:

Voted, That the sum of three hundred pounds be raised, to be applied towards building a Court House and Jail in this City, for the County of Middelsex, to be paid to the managers for building the same, or such other persons as may be appointed by the Board of Justices and Freeholders to receive it, at such time or times as may be agreed between the said Board and the Common Council of this City, for the time being; On condition that the said Board do ensure to the Corporation a right to the use of such convenient part or parts in said buildings as may be necessary for transacting their public business, at all times when needed by them, and not wanted for the public business of the County or State.

(Signed) Minne I. Voorhees, Clerk.

" Resolved: That on the payment of the sum of three hundred pounds, by the Corporation of the City of New Brunswick, to the managers hereafter to be appointed, this Board do grant, and will insure to them, the use of the Court House and Jail, as is required in the conditions of their vote aforesaid"

Your committee discover, from an inspection of the account remdered to the Board of Justices and Freeholders by John Neilson, Esq. manager for building the Court House, that he received from the Corporation of the City Of New Brunswick, the sum one hundred and eighty-four pounds, six shillings and six pence. The reason that the balance of the three hundred pounds was not paid, your committee have not been able positivly to acertain; but from what information they have received they are of the opinion that it was owing to the fact that the inhabitants of the city who lived in the County of Somerset refused to payt the tax levied on them for that purpose.

As to the rights of the Corporation , frpm the above statement of facts, your committee leave to common council to determine.

All of which is respectfully submitted,

N. Booram,
Aaron Hassert.

TOWN CLOCK IN DUTCH CHURCH

On the twetysecond of August, 1828, Common Council were requested through a memorial, addressed to them by a committee on the part of the Consistory of the Reformed Dutch Church, in this city, to raise by subscription the sum of $500.00, to purchase a clock to be placed in the steeple of said church, which has been recently erected.

An effort having been made, the committee reported on the 12th of September, that it was inexpedient to raise the money by subscription, and recomend an assesment, upon which common council adopted a resolution to call a Special Town Meeting; which resulted in 134 votes in favor and 47 votes against the measure.

On October 3rd a committee cansisting of Alderman John Trehune and Common Councilmen Abraham Schuyler Neilson and James Conover, were appointed to procure a clock upon the best terms for the sum of $ 500.00,.

On April 24th 1820 the committee reported that they had procured a clock from Mr. B. Davidson, of New York, for the sum of $ 500.00, and that it was placed in the steeple of the Reformed Dutch Church of this City, subject to the control, and considered as the property of the Corporation ofthe City 6f New Brunswick.

The expense for setting the clock in place was $4.34.

Resolved: That a committee be appointed to draft an ordinance to prohibit swimming and obstructions of the general in Beaver Pond, and that Messrs. Lee, Crocker and Van Buren constitute.

May 29, 1829,

Mr. Kirkpatrick offered the followinc Resolutions:-

Resolved, that a committee be appointed to ascertain and report to the next meeting of Common Council, the number of licensed Taverns within the bounds of the Corporation, in which ward of the city they are respectfully located, and as nearly as they can ascertain the same, the street in which these Taverns are kept.

Resolved, That the said committee also ascertain and report, as nearly as they can ascertian the same, the number of inhabitants in the respective Wards, and also what number of Taverns in each Ward in their opinion is sufficient for the accommodation of travellers and the transaction of public business.

Which resolutions were passed and Messrs. Kirkpatrick, Terhune and Freeman were appointed such committee.

June 12. 1829.

Mr. Kirpatrick for the committee on limiting the number of taverns made the following report:

That agreeably to the statement of the Clerk of Common Council, thet find that there are within the boundry of the Corporation twentyeight licensed tavrens. Of these, there are in the

1st. Ward, ----	9.	4th. Ward, -----	1.
2nd. "" ----	9.	5th. "" -----	none.
3rd. "" ----	2.	6th. "" -----	7.

That the supposed number of inhabitants is in the

1st. Ward ----	1070,	4th. Ward -----	800,
2nd. "" ----	1100,	5th. "" -----	280,
3rd. "" ----	750,	6th. "" -----	300,

Upon examining into the matter refered, the committee find it impossible to regulate the number of tavrens in each Ward by the number of inhabitants in such ward. This does not give them even a general rule by which the can be governed.

Your committee have therefore been obliged to consider the question alone to the whole number of licensed tavrens, and to the population in the aggregate, without going into the details of regulating or fixing the number of tavrens necessary in each ward by the number of inhabitants in each ward, respectfully.

Your committee are of the opinion, and do so report, that the number of tavren licenses be reduced one fourth.

They are of the opinion that about twenty tavrens are amply sufficiant " to accomodate and entertain travlers and strangers, to serve the public occasions of the town, and for the convenience of men's meeting together to transact business"

Otis for the above stated purpose alone tavrens, in contemplation of the statue, canbe licensed, and your committee thinks that this rule should be stricrly adhered to. Littelton Kirkpatrick, Chairman;
